

**Santa Fe Independent
School District**

Superintendent Message

Dear SFISD Teachers and Staff:

December 10th, 2021

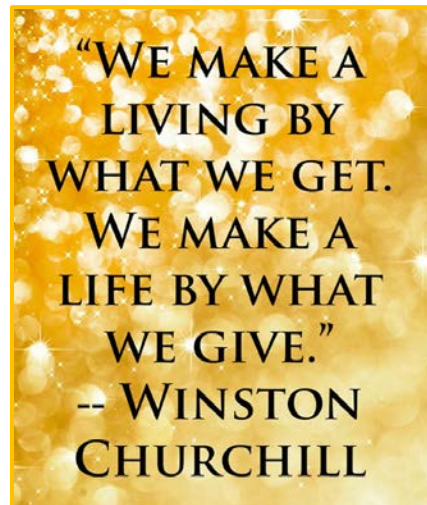

Happy Friday everyone! We've had an eventful month of December so far! We want to commend our *theatre arts departments, choir departments, our SFISD Band, our elementary fine arts, and our hardworking athletes* on your amazing efforts and performances this month. You've done an outstanding job. Keep it up.

We also want to recognize Gina Welsh, Jeannie Thielemann, and our Santa Fe Education Foundation for receiving a **\$60,000 grant** from Valero Energy this week! Our students and staff continue to be blessed by these grants and donations from local supporters. We are so fortunate in SFISD to have such a great Education Foundation.

As we enter our last full school week for 2021, we want to encourage you to give thanks for our great school district and community. Take a moment to encourage a student, a teacher, or a staff member next week. Everyone has worked so hard this year.

We are all in this together 😊

Y'all have a great weekend,
KB

Santa Fe ISD is an academic leader committed to excellence through continuous improvement by instilling high standards, building strong community partnerships, providing innovative opportunities, and empowering students for lifelong success.
