

WHAT IS A DISTRICT COMPACT?

A District Compact is an agreement that parents, students, and staff members develop together. It explains how parents, students, and teachers can work together to ensure all of our students achieve and succeed.

The compact is developed annually by parents, teachers, counselors, and administrators.

PREPARE, ACHIEVE, SUCCEED!

Students, Teachers, Parents – Working Together for Success!

COMMUNICATION ABOUT STUDENT LEARNING

SFISD is committed to providing regular two-way communication with families about student learning!

HOW???

- **District Website**
- **Teacher Websites**
- **E-mail**
- **Call-outs**
- **Newsletters**
- **Texts**
- **Parent Conferences**
- **Phone Calls**
- **Team Meetings**
- **Family Access (Canvas)**

FOCUS AREA #1

Increase Attendance

As a district, we will provide information to parents and students about the importance of graduating from high school. We will provide information about the law, offer incentives, work together with parents when a student is absent, provide information about make-up work, and make students feel welcome and loved each day.

As parents, we will discuss the importance of school with our children daily. We will contact teachers and counselors if our children are absent and ask for help if our children do not see the importance of attending school.

As students, we will attend school each day and reach out for assistance if school is not a safe, productive environment.

FOCUS AREA #2

Increase Family Involvement in our Schools

As a district, we will provide multiple opportunities to involve parents at both the district and campus levels. We will also identify barriers and work toward making parents our partners in education!

As parents, we will commit to being involved in our children's education, attend conferences, and have open communication in order to provide feedback to teachers and other staff.

As students, we will participate in events offered at the campus and district level.

FOCUS AREA #3

Improve Literacy Skills Across the Curriculum

As a district, we will provide opportunities to read, write, speak, and listen across the curriculum, provide multiple outlets for expression, and foster a love for reading.

As parents, we will encourage reading and writing at home and ask questions about what our children are reading and writing in school.

As students, we will develop our reading, writing, listening, and speaking skills and use these skills to explore our interests in the world.

BUILDING PARTNERSHIPS

SFISD offers ongoing events and programs to provide parents and students with access to our staff.

**Open House
Parent-Teacher Conferences
Family Nights**

There are also many opportunities to assist in decision making!

- **Campus Improvement Committee**
- **District Improvement Committee**
- **Parent Involvement Committee**
- **CTE Advisory**

Contact campus counselors and administrators for more opportunities!
