Comprehensive Needs Assessment

Demographics

Demographics Summary

In 2019-2020, Santa Fe ISD was a 5-A district serving approximately 4528, decreased from 4,602 students in 2018-2019.

The 4528 students were at the following campuses:

- Roy J. Wollam Elementary (grades PK-5)
- William F. Barnett Elementary (grades PK-5)
- Dan J. Kubacak Elementary (grades PK-5)
- Santa Fe Junior High (grades 6-8)
- Santa Fe High School (grades 9-12)

Enrollment

The district experienced a 6.34% increase in enrollment between 2010 and 2018 with campus enrollment numbers mirroring this increase. However, since 2018, the district has seen a 6% decrease in enrollment numbers.

RJW had an average enrollment of 714 in 2019-2020.

Elementary Campuses had an average enrollment of 2184 in 2018-2019 and decreased to 2147 in 2019-2020.

In 2019-2020, we had the following number of students in each grade level:

EE - 61

PK - 109

K - 317

1st - 310

2nd - 349

3rd - 312

4th - 341

5th - 348

Economic Disadvantaged

The district decreased from 45.33% Economic Disadvantaged in 2018 to 45.19% in 2019 on the snapshot date.

RJW had a 55.88% Economic Disadvantaged enrollment in 2019.

Ethnicity

The district is comprised of approximately 74% White students, 23% Hispanic students, 1.7% 2 or more races, with 1.3% other races. Campus ethnicity mirrors the district.

Student Groups

The district had 213 ESL students in 2019 at snapshot (4.7%). There were 544 students receiving special education at 12.01% and 165 students identified as having dyslexia which is 3.64%. 70.52% of our students participate in the schoolwide Title 1 program. 50.77% of students are identified as "at-risk" and 1.06% are homeless.

RJW had 54 ESL students, 107 Special Education Students, and 273 at-risk students in 2019-2020.

Elementary saw a minor decrease in their ESL populations in 2019-2020. The number decreased from 124 to 122. The Special Education population increased by 99, and the at-risk student group decreased by 212.

Attendance

The district attendance average in 2018-2019 was 94.6%. In 2019-2020, the district attendance average was 96.27%(*Covid-19 perfect attendance for the 4th quarter). Chronic absenteeism is highest in Pre-K, 9th, and 12th grade. Chronic absenteeism is defined as students with 15 or more absences.

RJW had an attendance average of 94.6% in 2018-2019 and an average of *96.3% in 2019-2020.

The district attendance target is 96%.

Student Achievement

Student Achievement Summary

A comprehensive needs assessment was conducted on July 21, 2020. It was facilitated virtually at the district level by the Director of Federal and State Programs. Each campus had a team comprised of teachers, instructional coaches, administrators, and parents. The district team was comprised of coordinators and directors. Several different pieces of data were analyzed, including, survey data, graduation data, Interim, Middle of the Year test data, etc.

Elementary Reading, Writing, and Math:

Interim (November)

- 3rd through 5th grade scored higher on the Fall interim in 2019 than on the Fall interim in 2018:
 - Overall 3rd- Grade Math was 13 points higher on the Fall interim assessment this year as compared to last year.
 - Overall 4th Grade Math was 12 points higher on the Fall interim assessment this year as compared to last year.
 - Overall 5th Grade Math was 5 points higher on the Fall interim assessment this year as compared to last year.
 - Overall 3rd Grade Reading was 18 points higher on the Fall interim assessment this year as compared to last year.
 - Overall 4th Grade Reading was 2 points higher on the Fall interim assessment this year as compared to last year.
 - Overall 5th Grade Reading was 9 points higher on the Fall interim assessment this year as compared to last year.

MOY (Middle of the Year Benchmark - released STAAR test) (March 2020)

- 5th grade overall scored higher on the 2020 MOY than on the 2019 MOY:
 - 5th Grade Math was 3 points higher
 - 5th Grade Reading was 4 points higher
 - 5th grade Math and Reading met overall growth targets at MOY testing time!
 - BAS (Benchmark Assessment System) - Measures individual reading levels
 - Growth seen for Barnett and RJW in Kindergarten between the BOY and the MOY. Kubacak Kindergarten is an area of concern.
 - Huge growth seen for Barnett, Kubacak, and RJW in 1st grade between the BOY and the MOY.
 - Growth seen for Kubacak and RJW in 2nd grade between the BOY and the MOY. Barnett 2nd grade is an area of concern.
 - 4th grade Writing is a concern and priority.
 - Students groups to continue to focus on: Special Education, ESL, Economic Disadvantaged

Student Groups

Special Education

- 544 students district wide (up from 492 the previous year)
- Special Education continues to be an area of academic focus

ESL

- 213 total students in 19-20 (up from 199 the previous year)
- ESL made improvements this school year in Math but continues to be an area of focus in Reading

Current breakdown of GT students:

- **Elementary – 47**

School Culture and Climate

School Culture and Climate Summary

Core Values

- *Create a student-centered environment**
- *Inspire learning**
- *Cultivate a "we" culture**
- *Strive toward excellence through continuous improvement**
- *Build meaningful, trusting relationships**

School Culture

Santa Fe ISD strives to create a culture of learning throughout the district.

Professional Learning:

Campuses are in various stages of the development of Professional Learning Communities. The campuses and district leadership collaboratively work toward the development of highly effective professional learning communities.

- Teachers focus on professional learning and peer collaboration for the purpose of professional growth that directly impacts increased student achievement.
- All campuses have participated in professional growth opportunities through Learning Forward.
- All campuses utilize time built into the day to address both staff and student needs and for professional growth and peer collaboration.
- Campuses provide academic intervention in a variety of ways to ensure student success (after-school and before-school tutorials, advisory, etc.).

2019-2020 Professional Learning

- Focus on Strengthening of Literacy in ALL ELA Classrooms

- Elementary Campuses- Mini Lesson Refinement in Calkins
- Based on Math Audit, Professional Learning in:
 - Grades K-12 Focus on Math Discourse Strategies with support from Region 4
 - 2020-2021 Evaluating Math Discourse in K-12 and Developing Small Group Instructional Practices
 - Principal group facilitation of professional learning
 - Assistant Principal group facilitation
 - Common goals and strategies with the Instructional Coaching Model

Instructional Coaching:

Each campus has a Math/Science and a Reading/Social Studies Instructional Coach. The coaching model was implemented in 2018-2019. There are two Instructional Coaching Coordinators and all coaches have received cognitive coaching training. Whole group and individual coaching cycles for core academic areas occur on each campus.

School Climate

The district has implemented the following.

- Parent, staff, and student surveys were sent out two times during the year. Responses were analyzed and needs identified.
- A SEL curriculum was adopted and implemented in 2019-2020.
- Positive Behavior Support (Tribal Creed) at each campus: The consistent focus on positive behaviors lends consistency across campuses for student behavior. Administrators and counselors provide ongoing training for teachers and students in order to reinforce positive character traits.
- PBIS was implemented in 2019-2020.
- Threat assessment teams were created at each campus to implement the district's threat assessment policy and procedures.
- Counselors provide grade-appropriate information to students regarding topics such as anti-bullying, healthy relationships, suicide prevention, and the prevention of drug and alcohol abuse.
- Counselors and campus administrators are interacting throughout the day in both high traffic areas and individual student conferences in their effort of ensuring the safety of all SFISD students.
- Wellness counselors were added to each campus in 2018-2019.
- Advisory groups at each campus provide feedback to campus administrators and to the superintendent.
- Each campus has an instructional leadership team as well as a site-based decision making committee to make decisions, lead change, and set and monitor goals.

Survey Results

Elementary Areas of Strength

Overall, the elementary survey data is very positive. The highest rated areas include:

- Children feel like they belong
- Parents feel comfortable talking about their child's behavior
- The buildings are clean and maintained
- Parents feel like attendance is important
- Parents feel their children are valued by their teachers
- Parents feel teachers are available

Elementary Areas for Improvement

Areas for concern:

- My child's school principal and admin staff make themselves available to me when I am unable to solve a problem with a teacher
- My child's school counseling staff is friendly and show willingness to help solve problems
- My child's school counseling staff make themselves available to me when I need assistance

PBIS, School Culture, Social Emotional Learning

- Initially in 2019-2020 school year, ALL SFISD campuses have a PBIS team comprised of administrative support, grade level support, and special programs support.
- District Sub-Committee for Long Range Planning developed after Initial FALL District LRP Committee and have hosted 4 meetings to develop a 3-year District Plan
 - 2020-2021 - All campuses will have campus goals to support programmatic development
 - All PBIS campus teams are established and will implement structures, procedures, and strategies to enhance student achievement (emotionally and academically)
 - **Social Emotional Learning**
 - 2019-2020- Launched the Social-Emotional Curriculum 7 Mindsets
Teacher resources were provided to deepen their learning and connect Social Emotional Learning to classroom

culture

- Monthly themes and lessons were planned and taught on each campus with campus counselor support to ALL students PK-12

- - Data will be collected on the impact of SEL and campus climate and culture
 - Community and Parent Outreach will be incorporated to create an inclusive culture and community within the city of Santa Fe ISD and the SFISD district.
 - **School Culture Data**
 - School Culture is a key lever in the Effective School Framework and incorporated in campus plans
 - School Culture Data Trends
 - Overall Data Trends from School Culture Data
 - Elementary campuses all maintained positive climate results throughout the virtual learning environment (Parents, Students, and Employees)

Discipline

- **Referrals *19-20 referrals stopped in early March so numbers should be substantially lower**
 - **RJW:** 21 office referrals (37 in 18-19)
- **ISS (In School Suspension): (17 RJW)**
- **OSS (Out of School Suspension) (4 RJW)**

Turnover

Turnover rate for teachers: 15%

SFISD experiences a high retention rate for teachers. Many of the teachers are also graduates of SFISD and have remained in the area and currently serve their community as professional educators. In order to better meet the challenges of educators new to the profession and to increase new teacher retention rates, SFISD has a New Teacher Mentoring Program and employs a part-time professional who monitors and assists new teachers as needed. In addition, SFISD offers high quality job embedded professional learning opportunities, teacher leadership opportunities, and collaborative campus cultures to retain teachers and improve instruction.

Santa Fe ISD hosts a job fair at the Cowan administration building each school year.

SFISD is 100% highly qualified per Every Student Student Succeeds Act (ESSA) guidelines.

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Summary

SFISD curriculum and instruction documents are created from clustered TEKS strands within the TEKS Resource Management System for most classes. RLA curriculum and instruction documents are created from best practices provided by researchers at Ohio State University and Teacher's College at Columbia University. Pre-AP and AP classes work in conjunction with TEKS Resource Management System and College Board. By TEA and other accountability measures, the standards are vertically and horizontally analyzed, organized, and scaffolded to meet the grade level expectations for successful student achievement. Curriculum documents are organized in the following forms within our district: Year At a Glance (YAG)-provides a four-square overview of what TEKS/standards are covered within each nine-weeks, Week At A Glance (WAG) – provides a clear unit parameters, assessments schedule, and Power Standards for each nine-weeks, Unit Planning Guides- provides a framework and protocol for teachers to backwards design instruction with multiple pathways, Instructional Planning Guides –provides a framework for instruction that happens each day. District assessments of tested state standards are aligned to the TEKS/standards and a framework is used to assist in this alignment.

Vehicles for learning are provided throughout our district's various platforms. Learning can be accessed and facilitated in the following ways: physically-classroom environment; or electronically/virtually- CANVAS (Learning Management System) or Microsoft Office 365. Our classrooms tend to use a hybrid approach for facilitating learning to meet the needs of our digital learners.

Professional Learning Communities (PLCs) are organized on each campus. The relevance of these communities is to maximize the capacity of adult learning. Learning is ongoing, systemic, and based upon the cycle of continuous improvement. IC maps are being developed to help measure the impact of the work.

During the 2020-2021 school year, the District will continue the implementation of Readers and Writers Workshop. Students learn within the framework of Balanced Literacy and grow as a readers, writers, speakers, and listeners. The workshop model allows students to be at the center of their literacy adventure with an exposure to areas of high interest for individual learners.

Math, Science, and History will continue to focus upon creating literate learners within their content. Texas Essential Skills and Knowledge (TEKS) Resource subject experts visited Santa Fe ISD multiple times this year to assist in our curriculum management to refine and design relevant pathways across grade levels to create clearer avenues for student success.

The Instructional Coaching Model continues for the 2020-20221 school year, and teachers have access to and support from subject specific instructional coaches to assist teachers in reaching their instructional goals resulting in higher student achievement.

Various learning cohorts and academies were formed within the District to strengthen and reinforce our learning systems for academic success. Principals, assistant principals, teacher leaders, and other teacher representatives participated in book studies focused upon field related work in order to develop common practices and procedures to support adult and student learning.

The Effective Schools Framework, based on the work of Paul Bambrick Santoyo, was introduced at the end of the 18-19 school year. This framework was revisited during the needs assessment and is the basis for all of our goals and strategies in the 2020-2021 school year.

Parent and Community Engagement

Parent and Community Engagement Summary

SFISD supports family engagement through counselors and campus family engagement committees to promote activities that encourage lifelong learning and student success. The district increased parental involvement in 2019-2020 by including campus activities to meet parent needs. Activities included:

- Transition parent tours and additional scheduling counseling
- Increased formats of communication between parents and teachers
- District Parent Involvement Committee
- Campus Parent Involvement Committees
- Tribe University
- District and campus survey data utilized to continually improve
- Coffee talks by the counselors and instructional coaches available to parents
- Increased written communication to parents
- Parent/Teacher Organizations (PTO)
- Booster clubs
- SFISD Education Foundation
- Parent Advisory groups
- Parent conference and open house activities to encourage collaboration between parents, teachers, and students
- Family nights such as ESL Night, Math and Reading Nights, College Night
- Maintain an open and collaborative relationship with community members by working closely with the Education Foundation
- Promote campus activities, share student accomplishments, and provide district news by publishing a newsletter for the community
- Host special events during athletic games to encourage community support
- Promote community involvement by collaborating with parents and supporting Homecoming activities
- Actively support students with special needs by promoting Special Olympics through volunteer opportunities and fund raising

School Context and Organization

School Context and Organization Summary

Santa Fe ISD consists of five campuses.

- All campuses are in close proximity to one another.
- The administration building is central to all campus locations.

Administrative/Counseling Campus Organization

Roy J. Wollam

- Principal, Michelle Pourchot
- Assistant Principal, Shannon Davidson
- Counselor, Lindsey Garcia

Identified strengths of the SFISD school context and organization are as follows:

- Administrative/counseling organization by campus
- Instructional Support and Special Education support staff
- Targeted Response to Intervention Process (RTI)
- PBIS
- SOAR/Pre-K program is an innovative and effective way of meeting the educational needs of the districts PPCD students along with those of the children of district employees
- Creative Explorers offers the community and SFISD employees reliable child care before and after school
- All campuses provide Professional Learning Community (PLC) meeting, learning, and planning time for teachers. Elementary campuses schedule their PLC time during the day on a rotating basis.
- Instructional Coaching
- Teaming

Technology

Technology Summary

- The District faces many challenges from aging computer equipment, equality, and standardization of technology devices between campuses. These challenges are being addressed in the District goals.
 - In 2019-2020, The District refreshed student computers for kindergarten and first grade. These computers will give the younger students the ability to use devices like a tablet or a full laptop.
 - In 2016-2017, the District implemented a 1-1 ratio of devices to High School students in core curriculum classes. Devices were distributed to the JH and elementary levels. As time passes, these devices need to be refreshed. Technology is evolving rapidly, which means students' devices need to be replaced and upgraded on a continual cycle. The District uses campus pilot programs to evaluate new devices and software as it becomes available to purchase. As programs are developed and refined, successful technology experiences are shared with other campuses.
 - Staff computer refresh is being addressed with several options to standardize devices. The district offers a lease-purchase program that offers support and training to be used in the classroom as well as personal use. The devices offered in the lease program also interface with the district's touch screens.
- Cybersecurity is a top priority for Santa Fe ISD. We have implemented a plan to include a person that is in charge of reporting and identifying any security data breaches. This person is our District Technology Compliance member and gets daily reports to address these issues. If an issue arises she will notify the proper authorities and staff that is directly affected according to the guidelines address from TEA and SB802.
- 2019-20 The Technology staff is moving into a training position to work with staff and students to teach how to fully use the technology in the classroom. The department has secured a classroom at Kubacak and hired a former teacher to help meet these needs throughout the District. We have also created a "how-to" section on the web page and has invested in additional training from Canvas, Microsoft and Lightspeed along with other vendors to help meet these needs.
- The district continues to take advantage of cloud infrastructure. With Microsoft Office 365 and Cloud storage will allow students and staff to have access to files and applications from any location with Internet access. With the move to Microsoft's, Intunes Cloud solution will now allow our student to log into the computers as themselves without the log delay of building profiles.
- Canvas, the district's Learning Management System, is used to provide students with a portal to access a variety of instructional tools and materials which include lesson plans, assignments, quizzes, research materials, and a calendar to keep up with due dates. The District is rebooting how we use this system to make sure we are getting the most for the money invested in this program. Including the ability for teachers to have direct access to Canvas for technical assistance using the Chat Tier one support that was purchased for this year.

- The addition of Lightspeed will now allow the district to address the internet filtering concerns. This system will archive all internet history and allow the District to address policy issues and help with building good Digital citizens. The teacher classroom management will finally give teachers the control they need to control the student computers. From locking the computer screens to opening up or closing websites depending on classroom instruction needs. With this control, they will also have the ability to go back and see the archive of their student browsing history to verify that students are staying on task. Finally having the ability to meet the request of parents to have access to their child's search history is another tool to help parents feel connected. This is planned to be pushed out for the 2019-20 and will be a great tool for everyone in the District. The Lightspeed filter is a Cloud-based solution and filters any SFISD devices in or out of the District's network. This opens up options for moving to a true 1:1 program that could allow students to take home devices in the future.
- Connectivity between campuses consists of redundant, 10GB fiber connections that provide fast transfer of data between locations and redundancy in the event one of these lines get compromised.
- Internet bandwidth has been increased the 2019-20 school year from 700Mbps to 1 GB to provide enough bandwidth to support over 6,000 computers that will give the end-user high-speed access to web content.
- Our Technology Staff is built of skilled technicians that support the district needs and maintain the technology equipment.
- The Eduphoria HelpDesk application greatly enhances our ability to track and keep up with technology requests and keeps the operation of the technology department running efficiently.
- SFISD campuses have wireless connectivity suitable to support the growing number of student computers. Wireless access points are present in every classroom and in common areas, ensuring solid connections during classroom instruction.
- There are student laptop carts in every core classroom, ranging between 40 to 50 carts per campus and over 6,000 student laptops in total. This provides students with the tools necessary to succeed in 21st-century learning.
- Desktop computer labs have reduced in numbers at the campuses due to the current availability of student laptop computers, however, some computer labs are still in place provide additional technology learning environments for students as well as specialized instruction geared towards software applications and successful research practices with Technology TEKS focus.
- Wireless video streaming adapters have proven to be an effective solution to streaming instructional content. The cost of adding the wireless adapters are less than 1/3 the cost of conventional wall plates and provides the teacher to move about the room and interact with the student.
- Interactive whiteboards and touch monitors provide the interactive ability for teachers to engage students in instruction through the use of technology.
- Microsoft Office 365 provides flexibility to staff and students' file access and storage needs. In addition, Microsoft continues to increase security and add collaborative applications that are useful in classroom instruction.
- The Technology staff is being retooled to provide classroom technology support and training on available technology devices and applications. Teachers will become more fluent and comfortable using the applications selected to meet instructional needs.
